

LUO HERITAGE / SELF-STUDY SLIDES

LANGUAGE • CULTURE • LIVING MEMORY

Cultural reviewers

Check accuracy, meaning and respectful use

You will be able to make a clear, independent cultural review decision.

READ • TRY • CHECK

25 October 2026 | Edition 1.0

Start here: learn at your own pace

1. Read a slide, try its action, then check the result. Tap means click. Gold circles mark important controls in the screenshots.
2. Use your own account. Your organisation supplies the correct website address and any staff access.
3. Screenshots show the current interface with practice details. Actual names, content and menus may differ.

Read the step → **Try it yourself** → **Check the result**

If your menu looks different, first check My access. Do not ask someone to lend you their account.

CHECK: You will be able to make a clear, independent cultural review decision.

What this guide covers

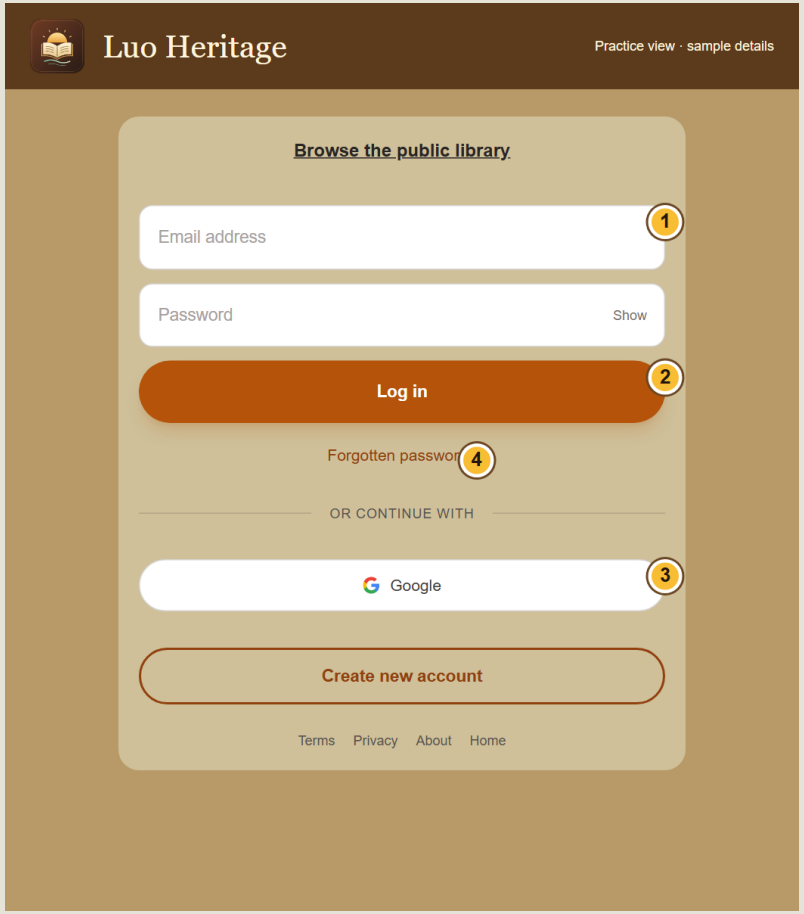

1. Open Cultural Review and examine the item and its source.
2. Approve accurate material or request clear changes.
3. Use independent voting for a proposed cultural rejection.

CHECK: Use the slide numbers to return to a task. The PDF has page bookmarks; PowerPoint has a contents view.

Sign in to your own account

1. Open the Luo Heritage address supplied by your organisation. Choose Sign in or Log in.
2. Enter your email and password, then choose Log in. Check your spelling if it fails.
3. Community members may also use Google. Staff should use the account supplied by their administrator.

Never share your password. Use only an address you trust.

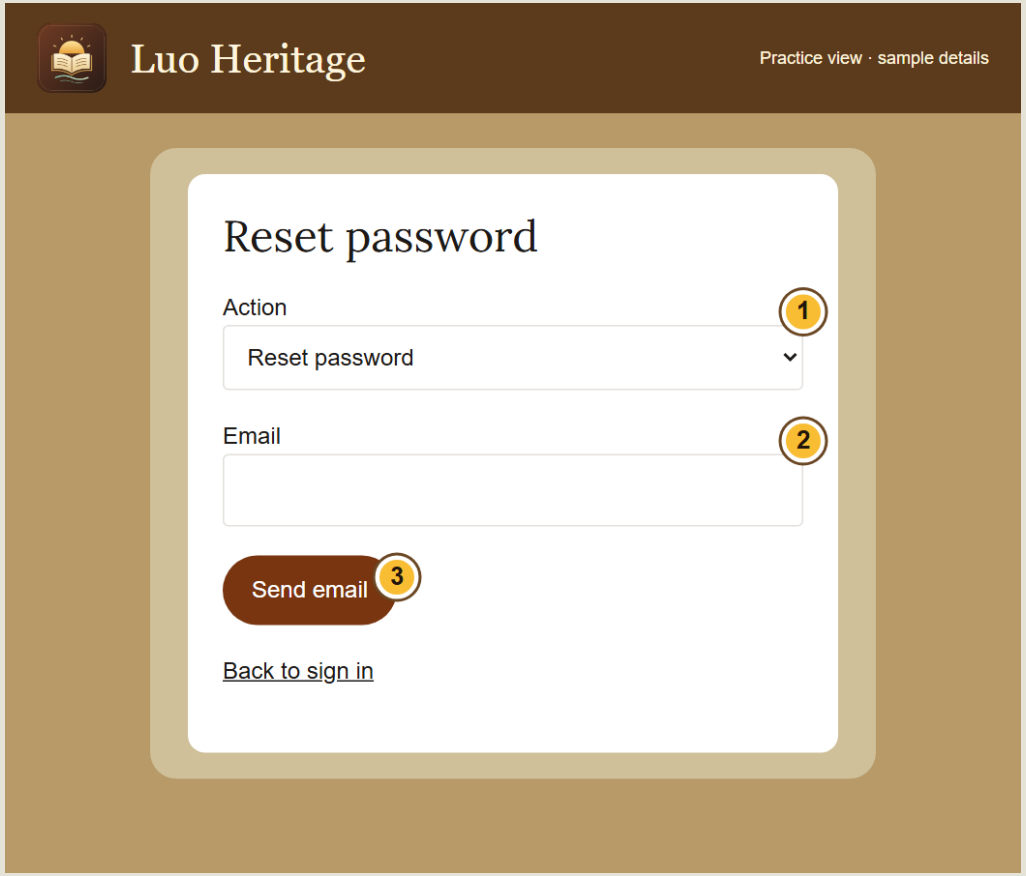

CHECK: Your account or dashboard opens.

Forgot your password?

1. On the sign-in screen, choose Forgotten password? Select Reset password.
2. Enter your account email. Choose Send email, then check your inbox and spam folder.
3. Open the newest reset link within 30 minutes. A link can be used only once.

If no email arrives, contact the person who manages your account. Do not keep requesting links.

CURRENT INTERFACE • PRACTICE DETAILS

CHECK: An account email arrives if the address is eligible and the email service is available.

Choose a new password

1. Open the password reset link from your own inbox.
2. Enter a new password of at least 12 characters. A short phrase with several words is easier to remember.
3. Choose Confirm. Return to sign in and use the new password on each device.

Do not forward the reset link. If it has expired, request a new one.

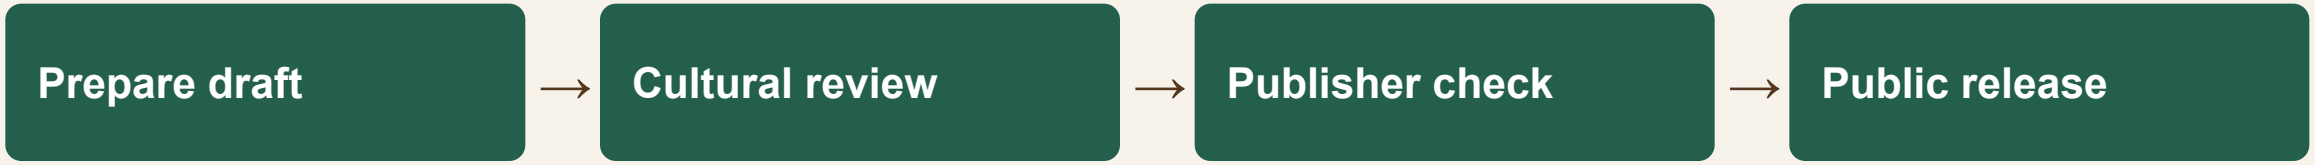

CURRENT INTERFACE • PRACTICE DETAILS

CHECK: The password changes and old sign-ins are ended.

How a contribution reaches readers

1. The uploader or contributor prepares a draft and submits it.
2. A cultural reviewer checks accuracy. An editor makes requested corrections and returns the item for review.
3. A publisher checks the final item and permission. Only an approved public release becomes visible to readers.

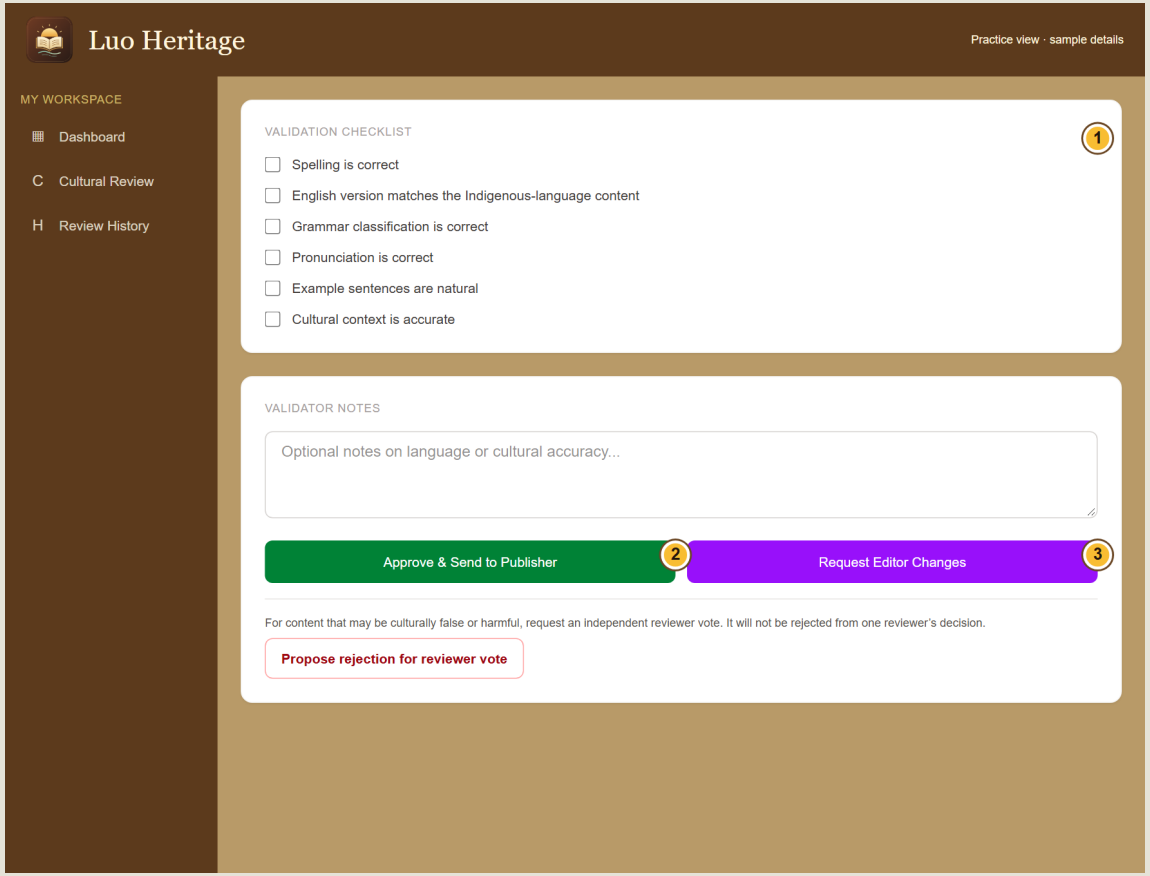

Different people should perform the independent checks. Do not approve your own work.

CHECK: An item may return for changes. Drafts and private approvals are not public publication.

Open the right review item

1. Choose Cultural Review in your staff menu.
2. Open a submitted item in your assigned language. Check that you did not prepare the material yourself.
3. Read its source, access settings, full text and attached media before deciding.

An item can change while another reviewer works on it. Refresh if the system asks you to.

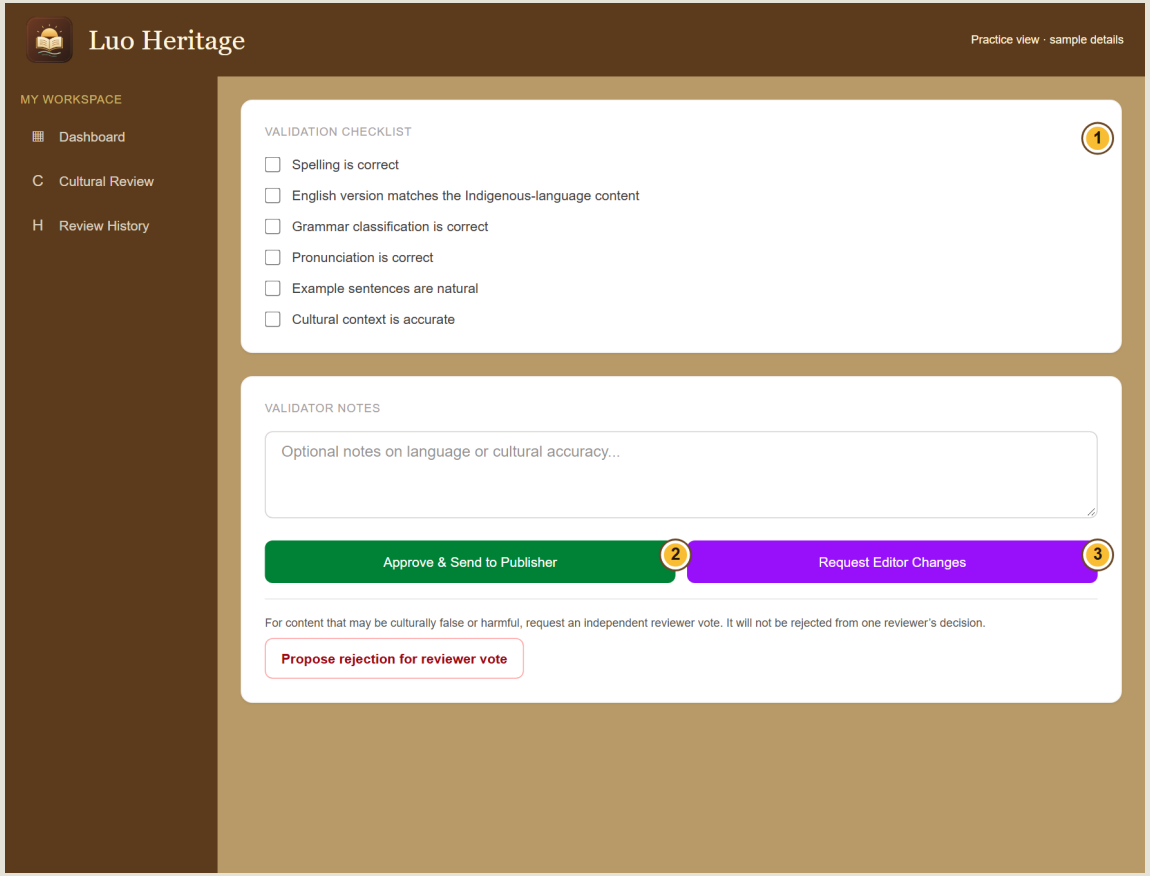

CURRENT INTERFACE • PRACTICE DETAILS

CHECK: You are reviewing the current version of the intended item.

Complete the cultural checks

1. Open Cultural Review and choose the item. Read its text, source details and attached files.
2. Check spelling, translation, grammar, pronunciation, examples and cultural context. Tick only what you have checked.
3. Add useful notes. If the item is correct, choose Approve & Send to Publisher.

If you cannot check a recording or meaning, ask for help rather than ticking the box.

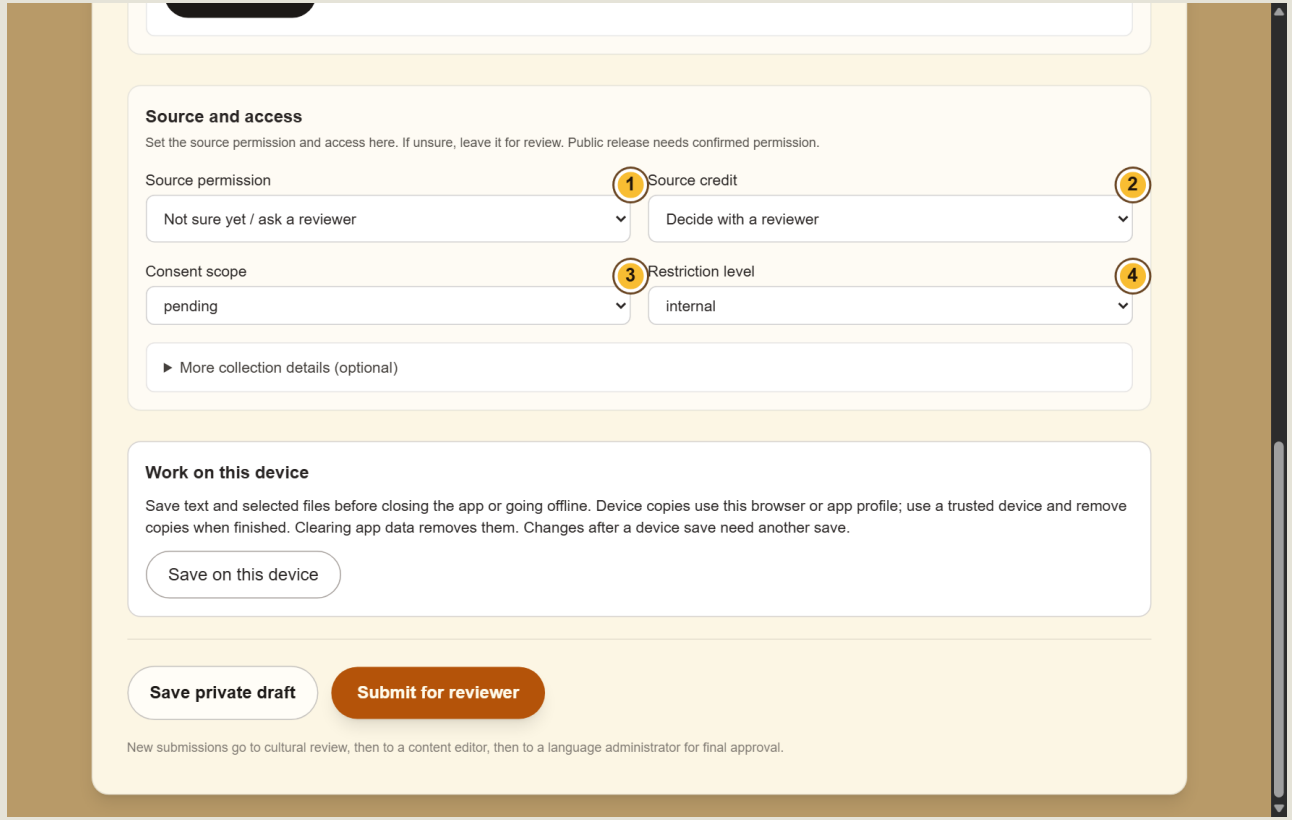

CURRENT INTERFACE • PRACTICE DETAILS

CHECK: The item moves to the publisher queue after a successful cultural review.

Check permission before sharing

1. Under Source and access, choose Source permission. If unsure, leave Not sure yet / ask a reviewer.
2. Choose how to credit the source. Use a person’s name only when they agree.
3. Keep restricted, sacred or research-only material private. Ask a reviewer before changing access.

Permission to collect material is not automatically permission to publish it.

CURRENT INTERFACE • PRACTICE DETAILS

CHECK: The draft records who may use the material and how the source should be credited.

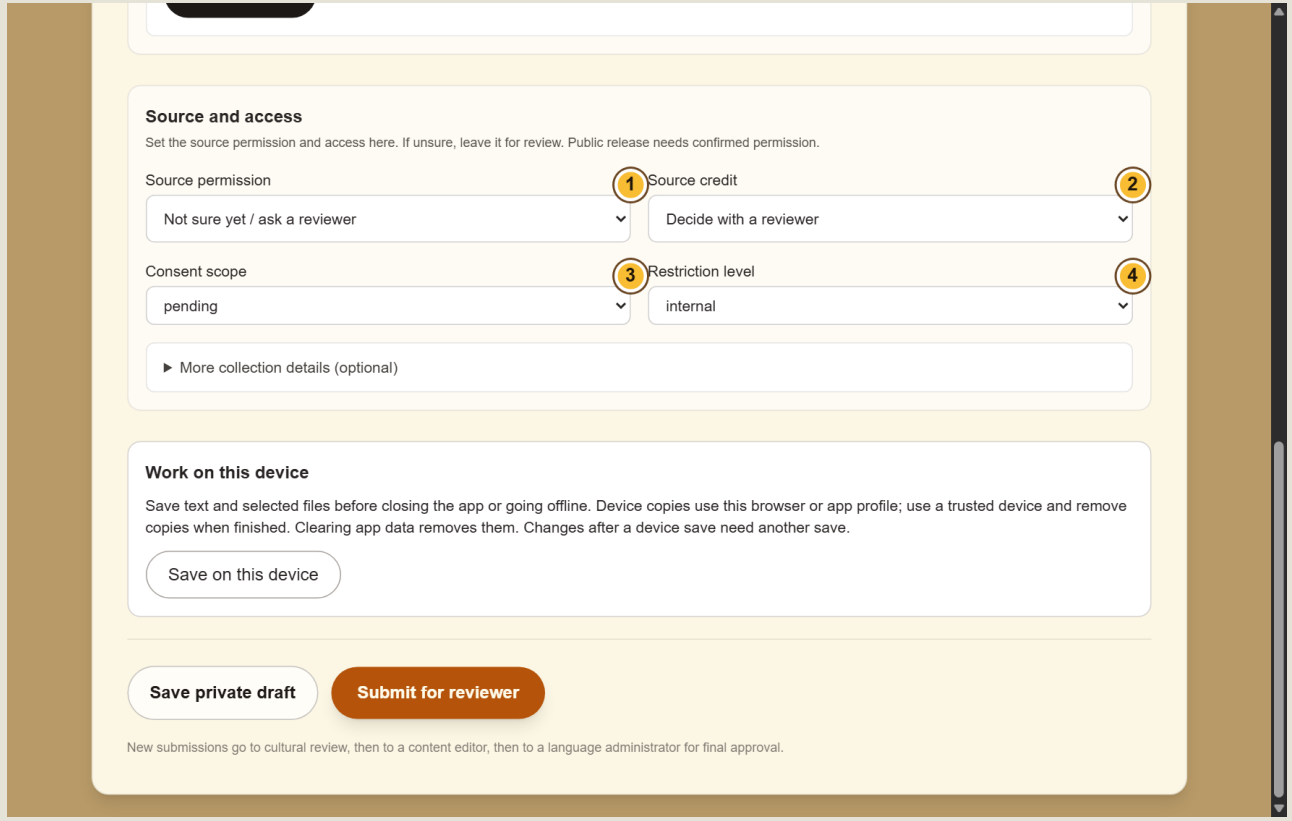

What the permission labels mean

1. Source permission: has the source agreed to the proposed use? Choose Not sure yet when you do not know.

2. Consent scope: what use was agreed? Public excerpt means an approved public part; research only and teaching have different limits.

3. Restriction level: who may see it? Internal and restricted are not public. Sacred material needs the collection owner's special care.

If the permission record is unclear, keep the item private and ask the responsible reviewer.

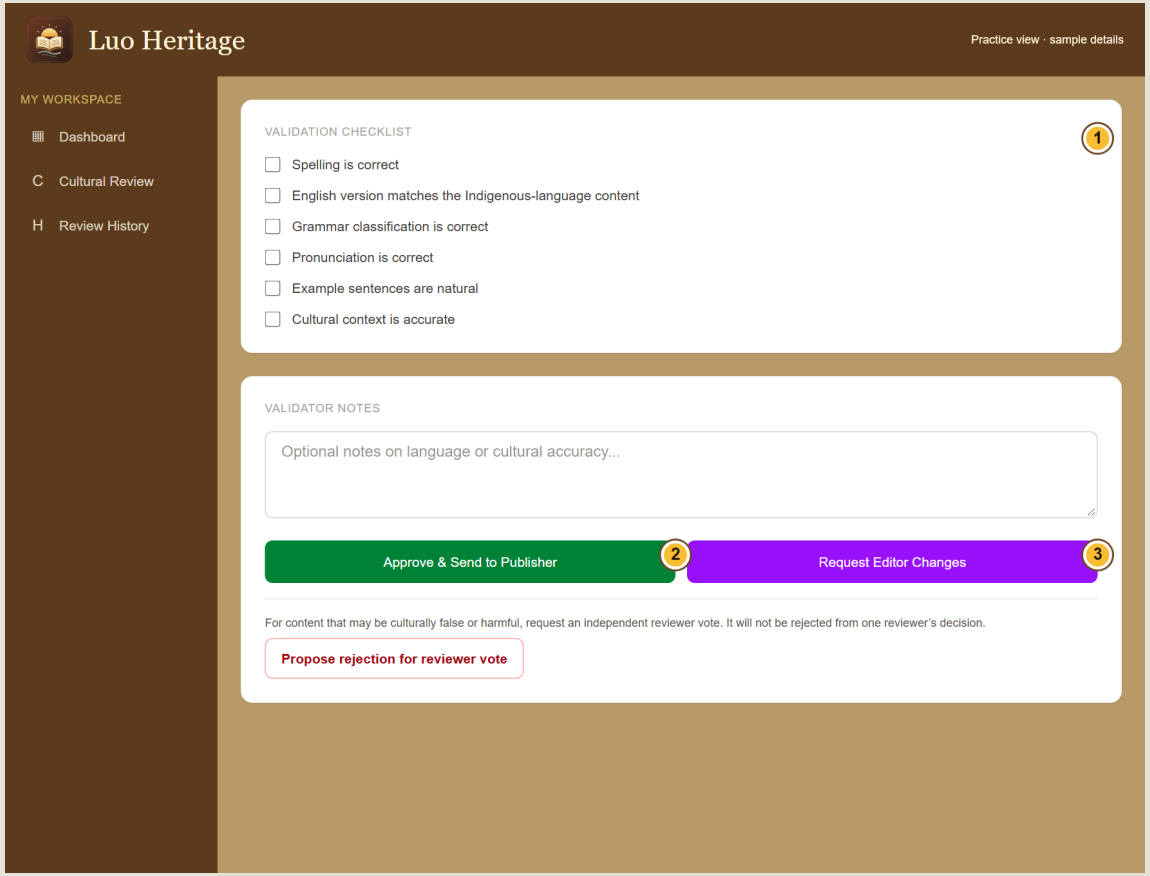

CURRENT INTERFACE • PRACTICE DETAILS

CHECK: You understand the labels before you change them.

Request an editor’s correction

1. Describe the problem in the notes: say where it is, why it matters and what needs checking.
2. Choose Request Editor Changes when a correction is needed.
3. The editor fixes the draft and sends it back to cultural review. Check the corrected version again.

Write useful comments such as “Check the meaning in paragraph two,” rather than “Wrong.”

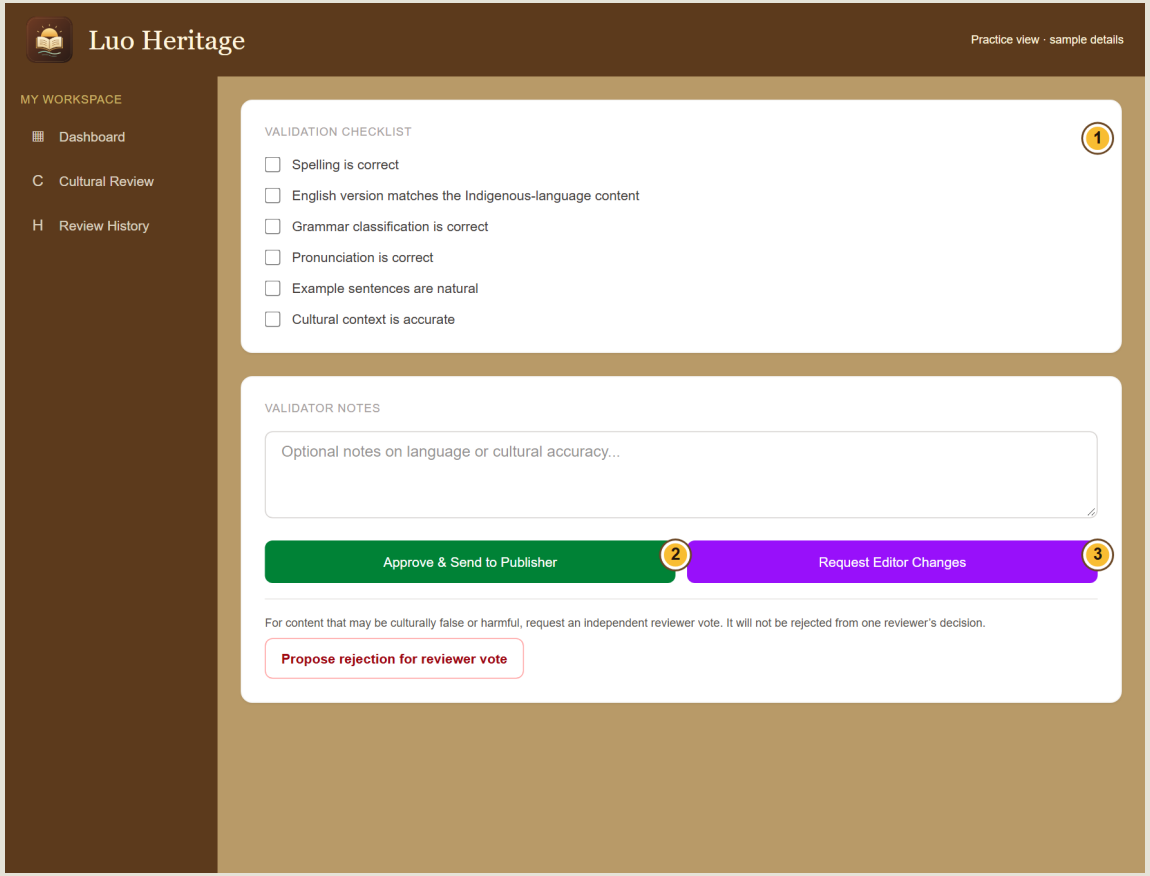

CURRENT INTERFACE • PRACTICE DETAILS

CHECK: The editor receives a clear change request; the item is not published.

Raise a serious cultural concern

1. If material may be culturally false or harmful, explain your concern in the notes.
2. Choose Propose rejection for reviewer vote. This asks other assigned reviewers to check it.
3. Do not treat your proposal as a completed rejection. Wait for the required independent votes.

For a serious privacy problem, also contact the responsible administrator promptly.

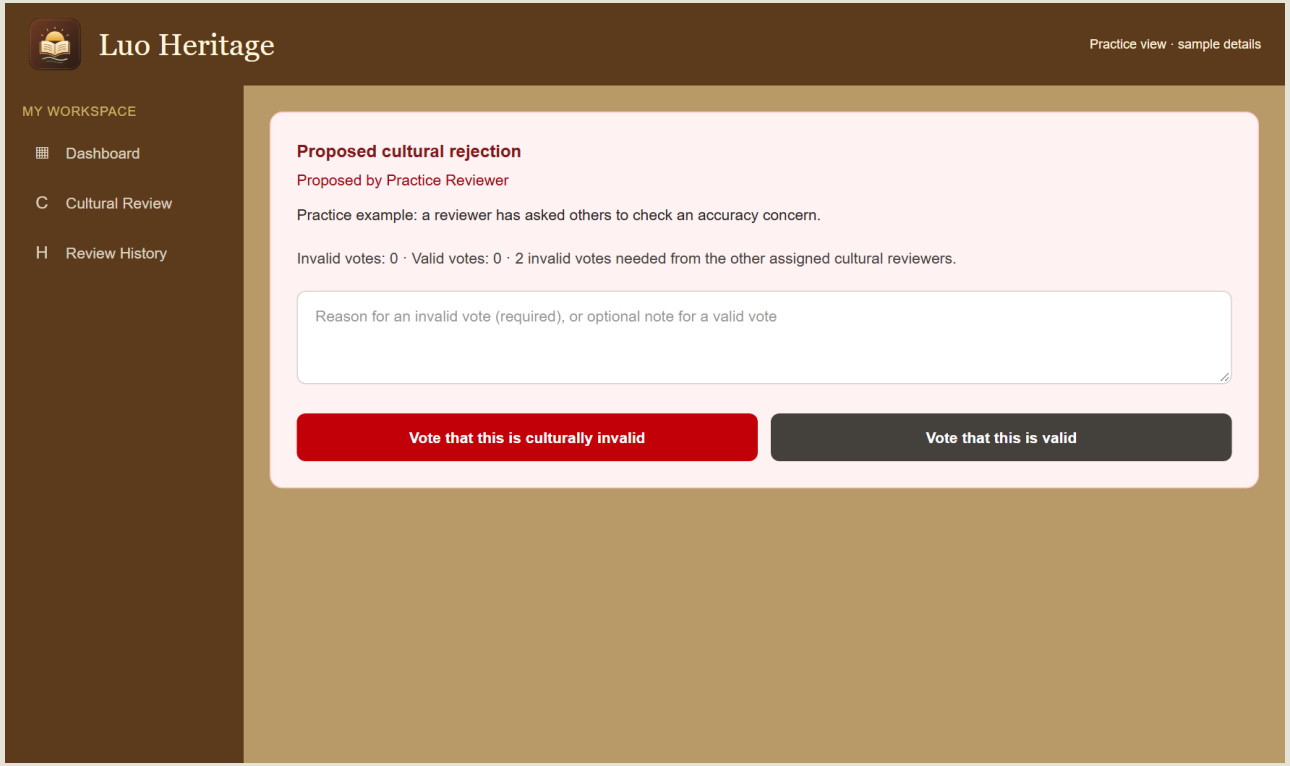

CURRENT INTERFACE • PRACTICE DETAILS

CHECK: The concern goes to an independent review vote.

Vote on another reviewer’s proposal

1. Open the proposed cultural rejection. Read the reason and the original source.
2. If you are eligible, choose whether the item is culturally valid or invalid. Give a clear reason for an invalid vote.
3. Check the confirmation and vote count. You cannot vote on your own proposal or vote twice.

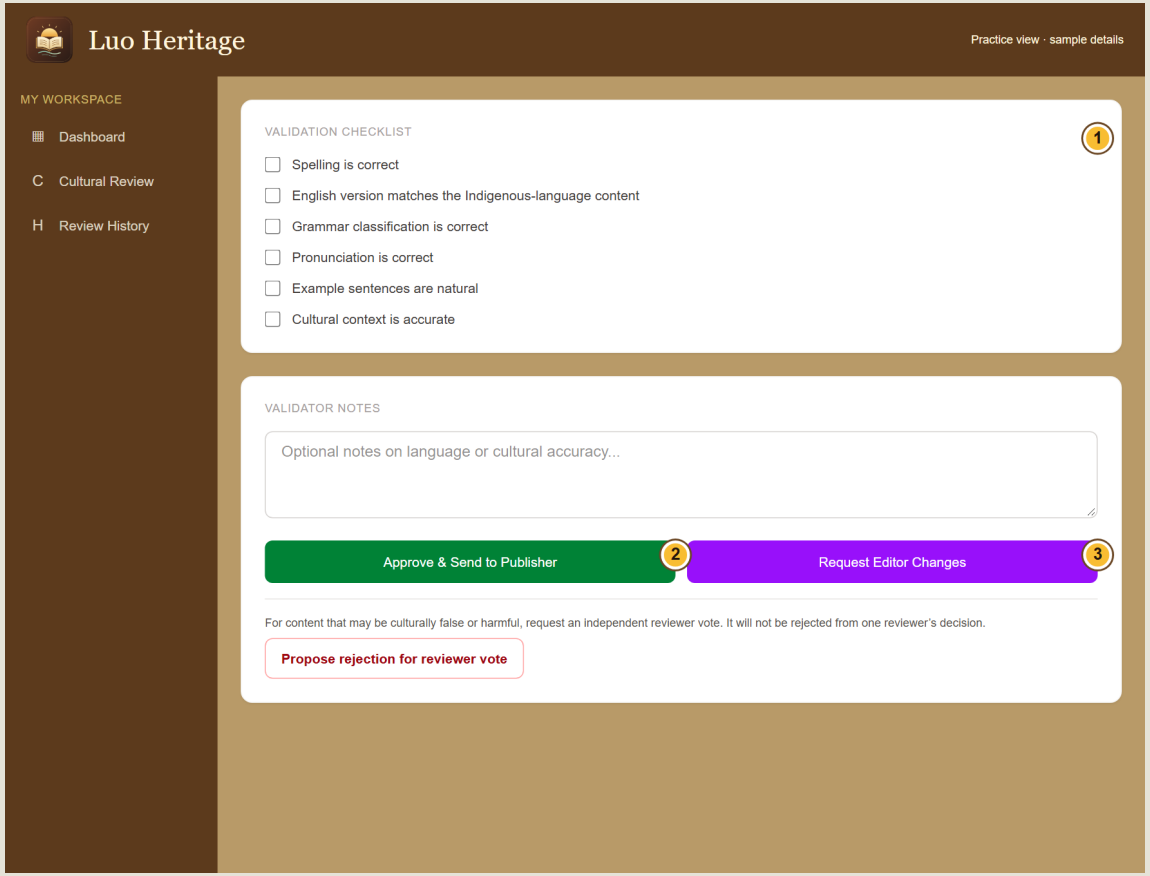

CURRENT INTERFACE • PRACTICE DETAILS

CHECK: Your independent vote is recorded. The system applies the required threshold.

Keep a useful review history

1. Open Review History to find your recorded actions.
2. Use the item’s title and review notes when explaining a decision to an editor or coordinator.
3. If an error is found later, report it with the item reference rather than editing history or concealing the earlier decision.

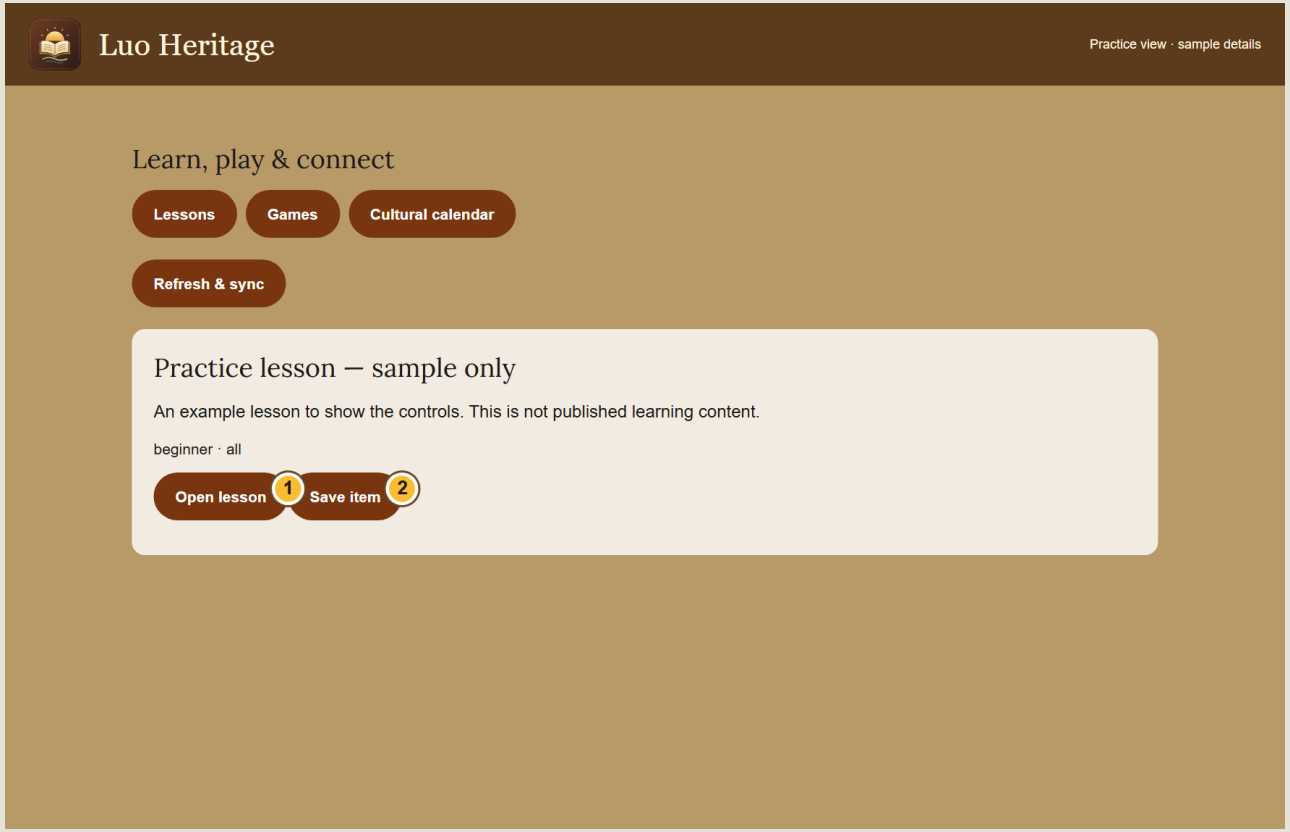

CURRENT INTERFACE • PRACTICE DETAILS

CHECK: Other staff can understand how the decision was reached.

Review learning material with the same care

1. Open Lessons, games & calendar if your role offers the content workspace.
2. Read a submitted lesson, its questions, answers, source and audience. Use the review action only if independently assigned.
3. A course review is separate from reviewing its individual lessons. Ask the coordinator if the action is not available.

A role that can review material does not automatically let its author approve their own work.

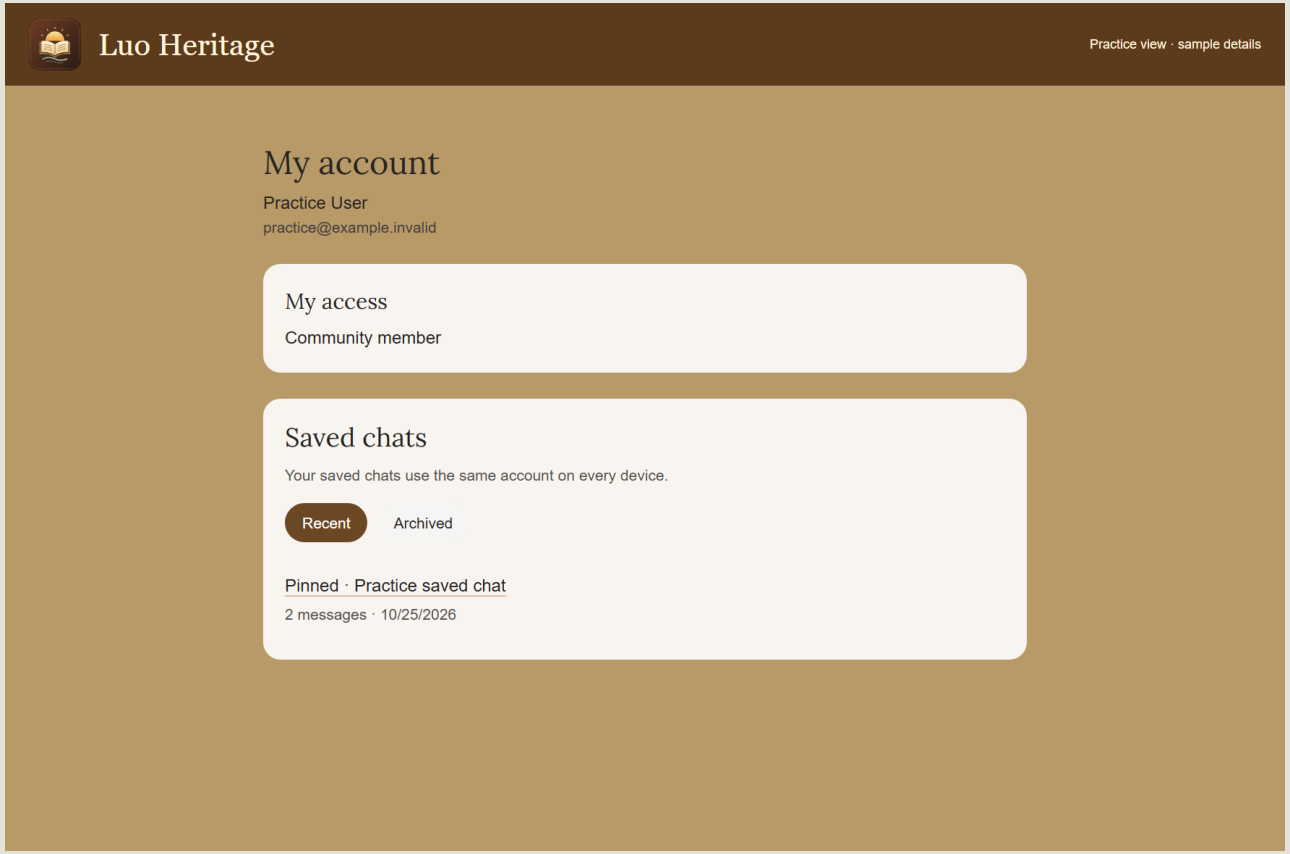

CURRENT INTERFACE • PRACTICE DETAILS

CHECK: Learning material receives the appropriate independent checks.

Protect your account and other people

1. Use your own account. Sign out on a shared computer or phone.
2. Do not copy private interviews, class results or account lists into public chats or messages.
3. If a screen shows information you should not see, stop and tell the account administrator.

Send support the screen name and error message, never your password or a reset link.

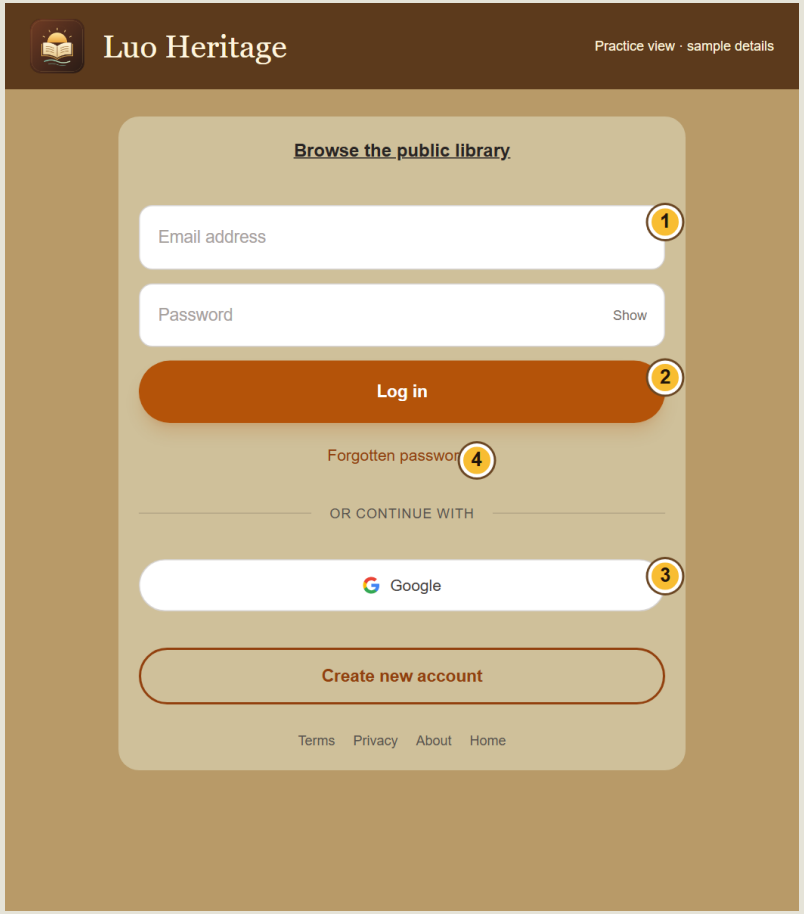

CURRENT INTERFACE • PRACTICE DETAILS

CHECK: Your work remains linked to the right person and private information stays protected.

When something does not work

1. Check your internet connection. Read the message on screen before trying again.
2. If your sign-in has expired, sign in again. If a button is missing, ask which role and language you have.
3. If it still fails, note the time, screen, button and exact message. Send these to your account administrator.

Before repeating an upload or submission, check whether the first attempt was already saved.

CHECK: You can explain the problem clearly without exposing private information.

Try it yourself: your readiness check

1. Explain one checklist item using an approved practice contribution.
2. Describe how to request an editor change and how the item returns to you.
3. Explain why a proposed rejection needs independent votes.

Try → **Check** → **Ask if unsure**

Use only approved practice material. Do not publish, delete accounts or change live settings just to practise.

CHECK: You are ready for routine work when you can complete these steps without help.
